The WCC aims to broaden and deepen churches' work for just peace in the Holy Land. It is committed to building their capacity to witness to peacemaking. The World Week of Peace in Palestine and Israel is part of that effort.

This year marks the 100th year since the Balfour declaration. That declaration was just 68 words. But those 68 words have had a dramatic impact.

We know prayer can also have a lasting impact. We invite you to give a prayer in support of all people seeking justice and peace in Palestine and Israel in just 68 words.

Send your prayers of 68 words to World Council of Churches' worship consultant **Rev. Dr Andrew Williams** (andrew.williams@wcc-coe.org)
