Lord,
You are the creator, the **everlasting one**.
when all is said and done, and everything is gone,
Lord you are all we want.

Give us love for each other - **love that breaks**
ethnicity, race, tribe and culture.

Give us **peace that is passed** through every country in
every continent.

Give us a youthful energetic passion to reach out as young
people and be a generation that seeks after you and causes an
impact in an ailing world.

Give us clean hands, give us pure hearts,
let us never lift our souls to another.

Give us **strength to soar** above the storms and
gentleness to walk on with one another.

Thank you because you are faithful and **you hear us** when
we call...

Amen.
